

# Virtual Club Teens

Week of July 27 - July 31

## VIRTUAL CLUB CONNECTION

### ZOOM CLASSROOM SESSIONS

Don't forget our Program Directors continue to host daily Zoom meeting activities. Parental consent forms must be provided. If you haven't already, please complete the yellow consent form and return to the activity table at the Club 5:30-6:30 weekdays.

Zoom meeting links and passwords will be sent via email once consent has been received. You will receive a new link and password each week. Zoom meetings will continue through the end of July.

### VIRTUAL CLUB PACKETS and INSTRUCTIONAL VIDEOS

We will continue to provide Virtual Club packets weekly through the end of July.

Please subscribe to our YouTube channel: <https://www.youtube.com/user/BGCofCabarrusCounty> to access fun videos that explain some of the weekly packet activities and provide visual instruction. New videos are posted each Friday as new packets are distributed.

# 21<sup>st</sup> CCLC/ Art Geodesic Dome

Mr. Alec

**Supplies provided in this packet:** 33 Straight Straws, Pipe Cleaners

**Things needed at home:** Scissors, Ruler

**Directions:** Be sure to check out our Youtube Channel for a quick tutorial:

**<https://www.youtube.com/user/BGCofCabarrusCounty/videos>**

There are two parts to this activity. Part 1 covers the frame structure of the dome and Part II is creating the actual dome.

## **Part I - Frame Structure**

**Step One** Select Strut A to be a measurement to be 3 inches and Strut B to be a measurement of 2 ½ inches. Strut A will be longer than Strut B. For Strut A simply cut each straw in half.

**Step Two** Cut a total of 30 Strut Bs.

**Step Three** Make some pentagons! Strut A will be the outside of each pentagon and Strut B will be the middle sections. Take (1) Strut A and feed a pipe cleaner through it. Bend back the end to secure it in place around the straw. Join additional pipe cleaners on as necessary to make one continuous length of pipe cleaner by twisting the ends of pipe cleaners together tightly.

**Step Four** Thread 4 more straws onto the pipe cleaners for a total of 5 straws, then bend into the shape of a pentagon and secure the ends together.

**Step Five** Thread (2) Strut B's onto the long end of the pipe cleaner (adding more pipe cleaners as necessary) then thread the pipe cleaner into an adjacent straw and out the other side.

**Step Six** Thread (2) more Strut B's through the pipe cleaner and an adjacent straw.

**Step Seven** Thread 1 final Strut B onto the pipe cleaner and then secure all Strut B's at the center of the pentagon. It helps to wrap the pipe cleaner around the joint of one pair of strut B's and then wrap it around the second pair. Thread the end of the pipe cleaner back into one of the straw struts to conceal it.

**Step Eight** Make 5 more pentagons as described above.

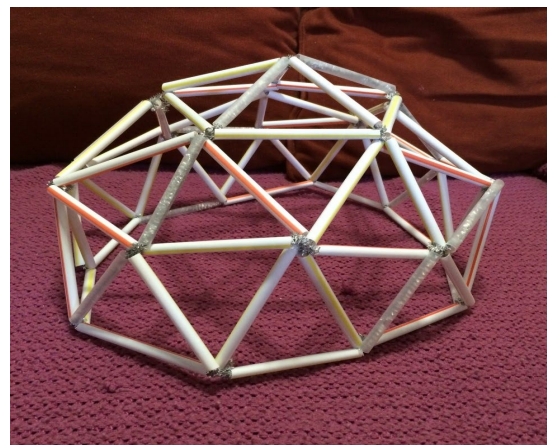

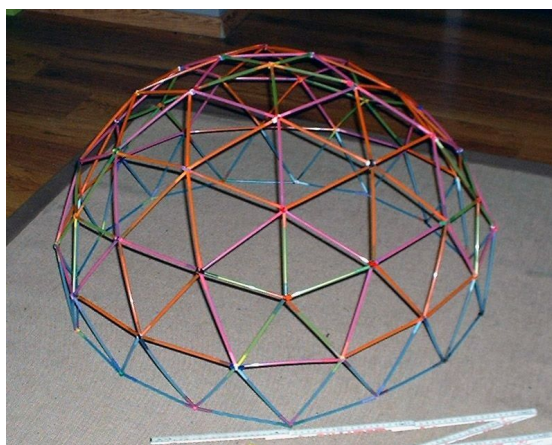

**Part II: Dome Structure:** For ease of reference I have shaded in the center pentagon in this visual tutorial. Trust me, it looks more complicated than it is.

**Step One** Take one pentagon and thread a pipe cleaner through one side, secure at the end. This will be your center pentagon.

**Step Two** Thread the long end of the pipe cleaner through one Strut B of a second pentagon. Make sure the pointed sides of the shapes are facing OUT. Pull them together.

**Step Three** Repeat Steps one and two to connect a third, fourth, and fifth pentagon at the joints of the center pentagon. Pull tightly.

**Step Four** Take the (5) single Strut B's and feed them through the base of the row of pentagon at the bottom, alternating pentagons and struts. Pull tightly.

# Drawing Contest

**Mr. Alec**

**Supplies Provided:** N/A

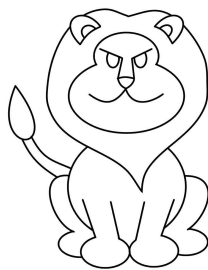

**Things Needed at Home:** Crayons, Markers, Pencil, Artistic Skill

**Directions:**

As the teen group, you are known as the Lions. Lions are the kings of the jungle and since you are the oldest group in the building, you lead by example. Mr. Alec needs your help creating a new logo for the Lions. As you can already tell, you will be drawing and coloring a Lion out of your imagination. This will be a change of pace because the “Geo-Dome” will take a lot of time to finish. Mr. Alec is looking for you to draw a lion but since he is a needy Staff Member, he is asking you to incorporate several attributes to the lion:

- Crown
- A Background
- Sunglasses

If you can incorporate all of the things listed above, submit your beautiful drawing to his email and you will be featured on the Boys and Girls Club Facebook page and will be the main logo of the Lions for the upcoming school year! Good Luck and Happy Drawing!

# “Mow It”

Mr. Alec

**Directions:** Please visit: <https://www.coolmathgames.com/0-mow-it>

## **Directions for the Game:**

How many times did your parents ask you to mow the grass? Probably way too many times like myself if we are being honest. Good thing Mr. Alec has found a game that allows you to tell your parents that you actually did mow the grass! The game is called “Mow It.” The objective of the game is to cut all the grass and form a perfect line. The catch is that you can’t go backwards at all and you will have to start all over if you mess up. Mr. Alec got to level 10 before almost throwing his computer across the room. So your goal is to at least try and beat his score because it was hilarious to see him get so angry. If you beat him, submit our score to his email to make fun of him and get candy or chips from him as well! Everyone is rooting for you!
