21st CCLC Comic Book

Mr. Alec

aforney@bgclubcab.org

Supplies provided in this packet:

Blank Comic Book

Things needed at home:

- Materials from the Supply Box you received last Friday:
(Crayons, Markers, Pens, Pencils)

Directions:

Everyone knows what comic books are, but we are looking at a new way to create a comic book! Every comic book has a superhero or an adventurer, as well as a villain or an obstacle. We are challenging **YOU** to be creative and imaginative when creating this new comic book for other kids to read. We want to know what the world looks like through the eyes of young adults and this is a great platform for you to use your voice in a unique way.

Requirements:

1. Your hero needs to be a kid (teen) just like you
2. Your villain should be a social situation that the world is currently facing (COVID-19, Inequality, No Summer Vacation, etc.)
3. Bring your characters to life with the stencils provided in the book
4. Do the best that you can with your illustrations
5. Please remember to be respectful when choosing your words

Once you finish your comic book, send it back in to the Boys and Girls Club for a chance for your comic to make it to our social media platforms! Use your creative skill and don't be scared to go outside of your bubble!

You Can Fold and Sort, but Can You Wash??

Mr. Alec

aforney@bgclubcab.org

Supplies provided in this packet:

Things needed at home:

Washing Machine

Directions:

A couple weeks ago, you learned how to sort clothes and how to fold clothes. The thing is, there is an important step before you fold the clothes, and that's washing. Everybody has different ways of washing clothes but you have to make sure you get it right! First thing, make sure you ask your parents for help. Like I said, everybody has a different style when it comes to washing. The diagram to the right are simple directions when washing clothes. FUN FACT: I used this chart when I washed clothes in college! Washing your own clothes is a great way to be more independent as well as help out your parents during COVID-19!

STEP-BY-STEP GUIDE TO LAUNDRY

STEP 1: sort & treat stains	Separate laundry into:		
	whites	colors	darks
STEP 2: load & set water temp.	HOT 	WARM 	COLD 
	• soap • softener • bleach	• soap • softener	• soap • softener
STEP 3: add detergents & start washer			
STEP 4: move clothes to dryer			
STEP 5: fold			

Pipe Cleaner Challenge

Mr. Alec

aforney@bgclubcab.org

Supplies Provided in this Packet:

Pipe Cleaners

Things Needed at Home:

Time/ Creativity

Directions:

For the craft activity this week, you will be putting together your own style of artwork. Pipe cleaners are used for a wide variety of things other than actually cleaning pipes. Usually you can wrap them around pencils/ pens with the face of a snake or worm! Your objective is to build your own pipe cleaning animal or plant. DO NOT USE THE PICTURES TO THE RIGHT! Creative thinking is thinking outside the box. Build something that you normally wouldn't see being made with pipe cleaners! When you are finished, submit your work to my email, linked above, for a chance to win a special prize! It is food but I cannot say what kind of food! Good Luck!

“Y’all Are Making This Tooouooo Easy?”

Mr. Alec

“Connect the Gems”

Directions:

<https://www.coolmathgames.com/0-connect-the-gems>

Directions for the Game:

Once again, you’ve made me pick some easier games for y’all since no one can beat my high scores. SMH. This week you will be playing a knock off game of the popular “*Candy-Crush Saga*.” The game is called Connect the Gems. As you can tell by the title, you have to connect the gems to move on to the next stage. The game gives you gem objectives and once you get those objectives, that’s when you will move on to the next round/ stage. Luckily for you, Mr. Alec couldn’t get passed level 26. So, your objective is to beat my score for a chance to win a bag of Takis and or any chips for your choosing!
